

Device Discontinuance Update
Generic Copy

30-NOV-2000

SUBJECT: Notification #10448 Update for #10273

TITLE: update #10273 - EOL for selected East Greenwich Analog devices

EFFECTIVE DATE: 03-Mar-2001

AFFECTED CHANGE CATEGORY(S)

AFFECTED PRODUCT DIVISION(S)

ANALOG PRODUCTS DIVISION

ADDITIONAL RELIABILITY DATA: None

SAMPLES: No

FOR ANY QUESTIONS CONCERNING THIS NOTIFICATION:

Contact Sales Office OR Don Warring <RRGA50@onsemi.com>

DISCLAIMER:

ON Semiconductor will consider this change approved unless specific conditions of acceptance are provided in writing within 30 days of receipt of this notice.

To do so, contact your local ON Semiconductor sales office.

DESCRIPTION AND PURPOSE:

This notification is an update to product discontinuance #10273, adding additional devices. please note the new last buy and last ship dates.

The attached information refers to certain products purchased by your company, which ON Semiconductor intends to discontinue manufacturing. Many of these products are now low volume utilization because they are only being used for warranty stock replacement programs and are not scheduled for use in future model years.

The decision to discontinue these devices is part of our overall Product Portfolio renewal process. Although this may cause some short term inconveniences, which we regret, we believe we will be able to serve you better in the long term.

**UPDATE #10273 - EOL FOR SELECTED EAST GREENWICH ANALOG DEVICES Cont.**

ON Semiconductor continues to make substantial investments in both new and improved manufacturing capabilities to provide you the highest quality and reliable semiconductors in the industry. We believe these actions will also improve our ability to serve you in the future.

ON Semiconductor's East Greenwich Rhode Island facility is actively pursuing efficiency improvements, capacity increases, cycle time reductions and yield enhancements. The long term cost and supply benefits to our Customers are obvious. One element of this activity requires that we accelerate our transition to six-inch wafer production. We will only transition large volume devices from four-inch wafers to six inch. The products listed in this notification will not be transitioned, therefore, these devices are offered as a "Last Time Buy".

End of Life buy orders have to be placed before May 31, 2001 and will be shipped before November 30, 2001.

NOTE: Subsequent to publishing a discontinuance notice, ON Semiconductor will allow six (6) months from the announcement date to place final lifetime purchase orders. To allow an orderly exit from the market, product shall not be delivered after twelve (12) months beyond the announcement date.
