**SUBJECT: ON Semiconductor Product Bulletin #16239**

**TITLE: Part Title Marking Code Correction**

**PROPOSED FIRST SHIP DATE: 25-Apr-2009**

**AFFECTED PRODUCT DIVISION: Protection & Control Business Unit**

**FOR ANY QUESTIONS CONCERNING THIS NOTIFICATION:**

Contact your local ON Semiconductor sales office or Yew Hee Soon <[y.soon@onsemi.com](mailto:y.soon@onsemi.com)>

**NOTIFICATION TYPE:**

ON Semiconductor considers this change approved unless specific conditions of acceptance are provided in writing. To do so, contact your local ON Semiconductor sales office.

**DESCRIPTION AND PURPOSE:**

ON Semiconductor's Standard Products Group is informing customers of a part marking change to occur on a small portfolio of selected devices. This part marking change will be a change to the device code that is marked on the components and does not affect the date code traceability marking code. This activity will better align the device marking codes of devices. Customers will continue to receive the same product that they have been receiving all along (no change to form, fit, function, die, fabrication site, assembly or test site, or testing of the devices) – the only change will be to the device marking code.

**Product Bulletin #16239**
