**SAMPLES:** Contact your local ON Semiconductor Sales Office

**DESCRIPTION AND PURPOSE:**

ON Semiconductor has been informed by our manufacturing subcontractor for TO-92 3 Lead packages of their plans to discontinue manufacturing services for this package. ON Semiconductor has reviewed alternate suppliers for this package and was not able to procure a viable alternate source that could provide our standard for quality and service support. Although we realize the importance of the long term availability of our products, ON Semiconductor has to offer a last time buy (LTB) opportunity for these products.

ON Semiconductor has reviewed alternate supplier availability or another package outline (i.e. SOT23) that are potential replacements for these items as you will see in attached file. This can assist in determining whether a life time buy, board relay out, or alternate supplier is the most viable means for our customers. Where we have no alternative identified (NA); a life time buy is recommended.

PLEASE NOTE: ON Semiconductor may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.

NOTE: ACCEPTANCE IS SUBJECT TO REASONABLE ORDER QUANTITIES, PRODUCT AVAILABILITY AND ALL OTHER APPLICABLE TERMS AND CONDITIONS

NOTE:

End of life buy orders must be placed before 8-May-2015.

End of life buy orders must be shipped before 31-Dec-2015.
