Final Product/Process Change Notification (FPCN)

Final change notification sent to customers. FPCNs are issued at least 90 days prior to implementation of the change.

ON Semiconductor will consider this change approved unless specific conditions of acceptance are provided in writing within 30 days of receipt of this notice. To do so, contact quality@onsemi.com**DESCRIPTION AND PURPOSE:**

This is a Final Process Change Notification to announce about the transfer of products from ON Semiconductor wafer fabrication sites located in Gifu Japan to the wafer fabrication ON Semiconductor Niigata Co., Ltd. (OSNC).

OSNC is located in Niigata, Japan, obtained ISO9001 certification.

The product design and electrical specifications will remain identical. A full electrical characterization over the temperature range will be performed for each product to check the device functionality and electrical specifications. Qualification tests are designed to show that the reliability of transferred devices will continue to meet or exceed ON Semiconductor standards.
