

## NTD78N03

# Power MOSFET 25V 78A 6 mOhm Single N-Channel DPAK

## Product Overview

For complete documentation, see the data sheet.

Power MOSFET 25 V, 78 A, Single N-Channel, DPAK

### Features

- Low RDS(on)
- Optimized Gate Charge
- Pb-Free Packages are Available

### Applications

- Desktop VCORE
- DC-DC Converters
- Low Side Switch
