

## Product Overview

### FJY4006R: PNP Epitaxial Silicon Transistor with Bias Resistor

For complete documentation, see the data sheet.

Transistors with built-in resistors can be excellent space- and cost-saving solutions by reducing component count and simplifying circuit design.

#### Features

- 100 mA Output Current Capability
- Built-in Bias Resistor (R1 = 10 K $\Omega$  , R2 = 47 K $\Omega$  )
