Schematic for the F143-MINI-A-MOD-GEVB Evaluation Board

Legend:
PCB = Printed Circuit Board
IC = Integrated Circuit
DIP = Dual In-line Package
SMD = Surface Mount Device
R = Resistor
C = Capacitor
L = Inductor
LED = Light Emitting Diode
Jumper = jumper wire

Notes:
- Component values and pin connections are shown.
- Pins are labeled with numbers and letters for easy identification.
- Soldering pads are indicated for assembly.

References:
- Refer to the manufacturer's datasheet for component details.
- Additional notes on special components or connections are included.
