DESCRIPTION AND PURPOSE

-----

ON Semiconductor is proud to announce the addition of Keaco to its list of qualified suppliers of cover tape. Following extensive testing, this cover tape performs as well as the current 3M cover tape. The conversion will occur only in our Seremban joint venture factory. We are making this change at the request of our joint venture partner, to utilize a single source of cover tape within the factory. The only visible difference is that the Keaco tape is slightly more transparent. Packages manufactured at this site include: SOT23, SC59, SC70, SC88, SC74, and SC75.
