**09-MAY-2002**

**SUBJECT: ON Semiconductor Product Discontinuance #12434**

**TITLE: Standard Components Low Sales Devices Product Discontinuance**

**LAST BUY DATE: 09-Nov-2002**

**LAST SHIP DATE: 09-May-2003**

**AFFECTED CHANGE CATEGORY: N/A**

**AFFECTED PRODUCT DIVISION:**  
BIPOLAR DISCRETES PRODUCTS DIV  
LOGIC PRODUCTS DIV

**ADDITIONAL RELIABILITY DATA: N/A**

**SAMPLES: No**

**FOR ANY QUESTIONS CONCERNING THIS NOTIFICATION:**

Contact Sales Office or Mark Wasilewski <RYGF20@onsemi.com>

**DISCLAIMER:**

Customers must notify ON Semiconductor in writing within 90 days of receipt of this notification if they consider the discontinued product to be "Sole Source."

ON Semiconductor and the customer may negotiate an appropriate End-of-Life.

**DESCRIPTION AND PURPOSE:**

The Standard Components Business Unit (SCBU) of ON Semiconductor offers a Broad Line of devices in multiple technologies and will continue to do so for years to come. After a thorough review of the broad line portfolio, ON Semiconductor is publishing this product discontinuance notification on a variety of devices on all of the SCBU technologies that have extremely low sales for the past 2 consecutive years. The total revenues of these devices comprise less than 0.1 percent of ON Semiconductor's and less than 0.2 percent of the SCBU annual revenues. Some of the devices contained in this notice may be more mature 'through hole' devices that now have an equivalent surface mount device introduced that is more cost effective with improved quality and reliability. This is the case with the Axial Leaded Bi-directional Zener (Clipper) family included in this notification. ON Semiconductor is committed to the Zener Diode family and continues to offer a full line of Surface Mount Zener products and popular Axial Uni-directional Zener devices.

ON Semiconductor wishes to promptly inform our customer of our intent to exit this small portion of our overall portfolio so that you may plan appropriately and effectively for replacement devices. ON Semiconductor has provided a list of replacement devices, where available, to aid in this process. For those devices that have no recommended replacement identified, ON Semiconductor has partnered with Rochester Electronics who will carry any remaining device inventory as well as mask sets, etc. to potentially allow for a continued source after ON Semiconductor has completed its business process. For questions or concerns regarding this notification, please contact your local sales office or customer service representative.

**Product Discontinuance #12434**

Additional contacts are:
