**NOTIFICATION TYPE:**

Initial Product/Process Change Notification (IPCN) - First Notification distributed to customers.  
Distributed at least 120 days from the effective date of the change.

Final Product/Process Change Notification (FPCN) - Final Notification completing the notification process. Distributed at least 60 days from the effective date of the change. ON Semiconductor will consider this change approved unless specific conditions of acceptance are provided in writing within 30 days of receipt of this notice. To do so, contact your local ON Semiconductor Sales Office.

**DESCRIPTION AND PURPOSE:**

ON Semiconductor issued Product Discontinuance #13281 on 30Dec2003.

A majority of the devices included in that notification were the result of an earlier announcement regarding closure of ON Semiconductor's East Greenwich, Rhode Island Manufacturing location.

Some of those devices will now be transferred to an alternate manufacturing facility instead of being placed on end of life.

The devices identified in this Update Notification are devices that have been removed from Product Discontinuance Notification #13281 and are active for continued ordering and support and would also be identified on Process Change Notifications indicating their transfer to alternate manufacturing facilities.

ON Semiconductor apologizes for this inconvenience.
