SUBJ: ON Semiconductor Completes Acquisition of Quantenna Communications

Dear Customer:

It is my pleasure to inform you that ON Semiconductor has completed the acquisition of Quantenna Communications, a global leader and innovator of high performance Wi-Fi solutions.

[Complete Press Release](#)

The combination of ON Semiconductor's expertise in power management, Bluetooth technologies and ultra-low power multi-protocol radio expertise with Quantenna's multidimensional Wi-Fi and software capabilities creates a robust platform for addressing design challenges in a wide variety of applications. This technology will become an important part of our business and we look to continue investing in research and development.

We remain committed to providing you outstanding customer service, advanced technology solutions, and world-class quality and manufacturing. We look forward to a long and mutually beneficial relationship.

If you have any questions regarding the acquisition, please contact your account manager or customer service representative. ON Semiconductor expects business to continue as usual for Quantenna's customers. Over the coming months, updates regarding the acquisition and integration can be found at <http://www.onsemi.com/quantenna>. You may also submit questions to quantenna_questions@onsemi.com.

On behalf of the entire ON Semiconductor team, I would like to thank you for your continuing business. We look forward to providing the scale, product portfolio and applications expertise you need for today's technologies and tomorrow's innovations.

If you have any questions or concerns, please contact your local sales or customer service contact.

Regards,

A handwritten signature in black ink, appearing to read "KJ", with a long horizontal stroke extending to the right.
