

TO: Our Valued EDI Trading Partner/Customers

**SUBJ: Upcoming EDI changes relating to ON Semiconductor's
Integration of the newly acquired Cypress CMOS Image Sensor Business Unit**

DATE: July 8, 2011

Dear Customer,

The integration of ON Semiconductor and the newly acquired CMOS Image and Sensor Business Unit from Cypress is proceeding as planned and going well. We have a team of individuals dedicated to integrating Cypress EDI trading partners into ON Semiconductor systems. Our cutover and integration date for all customers is scheduled for **August 1st, 2011**. For all existing ON Semiconductor EDI Trading Partners and potential new EDI Trading Partners, please read below for basic steps and instructions.

Existing ON Semiconductor Trading Partners

What do existing ON Semiconductor EDI Trading Partners need to know about the upcoming Cypress integration; what will we need you to do in support of our integration?

- No connectivity changes.
- No testing is planned unless requested by the Trading Partner.
- Vendor Code/Approved Vendor List/Purchase Order changes are required to point EDI data for the Cypress CMOS Image and Sensor part numbers to the existing ON Semiconductor connection starting **August 1st, 2011**.

Potential New ON Semiconductor Trading Partners

What do potentially new ON Semiconductor EDI Trading Partners need to know about the upcoming Cypress integration; what will we need you to do in support of our integration?

- Please contact us immediately if you have interest in becoming a future EDI Trading Partner with ON Semiconductor
- Integration of the Cypress CMOS Image and Sensor Business Unit into ON Semiconductor does not include the on-boarding of new EDI Trading Partners with ON Semiconductor by August 1st, 2011, but will be considered after the August 1st, 2011 go-live date.
- Please contact your respective Customer Service Representative to understand the process for placing new orders with ON Semiconductor. All existing Cypress CMOS Image and Sensor Business Unit orders at the point of integration will automatically transfer to ON Semiconductor as part of our integration.

Your help and involvement in our integration efforts is critical to our success. If there are any issues that you can predict from your side with the stated actions and timing of our integration, please contact us immediately.

Thank you and Best Regards,

Service Engagement EDI Integration Team – ON Semiconductor
